Distribution

Data News Weekly Now with 25,000 circulation and growing!

On September 19 2005, Data News Weekly became the first publication after Hurricane Katrina to resume printing and distributing, reaching out to our readers who had dispersed.

Now for over 50 years, Data is continuing our tradition of being the "People's Paper" by continuing our expanded distribution to Metairie, Gretna and Algiers (5,000) in addition to our regular New Orleans circulation (20,000). This expansion makes us the most widely distributed ethnic publication in Louisiana.
